

Francesco Venturini
President and Chief Executive Officer
Enel Green Power North America, Inc.

Francesco Venturini is the President and Chief Executive Officer of Enel Green Power North America, Inc. (EGP-NA).

Prior to this role, Mr. Venturini was Senior Vice President of EGP-NA, responsible for the recent wind and solar developments of the Company's U.S. portfolio.

Mr. Venturini is a financial executive with extensive experience in serving U.S. and European multinationals where he has gained significant business advisory skills and in-depth expertise in financial accounting, information systems and internal control structures, international accounting standards, mergers and acquisitions, restructuring and financing.

He has covered various CFO positions in Enel Group's subsidiaries and recently served as Director of Finance of Enel Green Power S.p.A.

Prior to joining Enel, Mr. Venturini served as Financial Controller for Eltag Bailey Process Automation, a U.S. multinational, and was relocated to Brazil as CFO of the Latin American operations.

Mr. Venturini graduated *cum laude* in economics from Università la Sapienza of Rome, Italy where he also served as assistant professor of Banking Strategies and Techniques during the academic year 1991-1992. Certified public accountant since 1992, Mr. Venturini participated in post graduate MBA courses at several U.S. and European business schools.
